

# COACHELLA VALLEY WATER DISTRICT

# About CVWD

## ABOUT COACHELLA VALLEY WATER DISTRICT

In 1918, community members formed the Coachella Valley Water District (CVWD) by a 324-49 vote to protect our valley's water resources and to build a canal to replenish the local groundwater basin with imported Colorado River Water.

## FIELDS OF SERVICE

CVWD serves the community through seven areas of service.

- Domestic Water Service
- Groundwater Replenishment
- Agricultural Irrigation & Drainage
- Regional Stormwater Protection
- Sewer Services
- Recycled & Non-Potable Water
- Conservation Advocacy

## MISSION STATEMENT

To meet the water-related needs of the people through dedicated employees, providing high quality water at a reasonable cost.

## SERVICE AREA

- 1,000 square miles
- From Sky Valley to Salton Sea Communities
- Riverside, San Diego and Imperial Counties

## BOARD OF DIRECTORS & GOVERNANCE

CVWD is a special district established by the state legislature and governed by a five-member Board of Directors elected to four-year terms by district voters. Each director lives in and represents one of five divisions within district boundaries, and is elected by voters who also live in that division.

The Board of Directors set policy and represent the ratepayers.

Board meetings are held the second and fourth Tuesday of each month at 8 a.m. at district offices. Board meetings are open to the public.

District policies are regulated by several state and federal agencies including the State Water Resources Control Board, California Department of Public Health and the California Environmental Protection Agency.

## SOURCES OF WATER SUPPLY

- Groundwater from natural aquifers
- Imported water from
  - The Colorado River
  - The State Water Project
- Recycled Water
- Local surface water
