

# Lush and Efficient

Landscape Gardening in the Coachella Valley

Designed for the home gardener who wants a yard that is beautiful and water efficient, this book offers landscaping ideas that will conserve water and keep landscapes looking their best all year long - even through the desert's harsh summer conditions.

*Lush & Efficient Landscape Gardening in the Coachella Valley* draws on the expertise of local specialists who work in the irrigation and landscaping fields. It includes hundreds of full-color illustrations and photographs, as well as step-by-step instructions and techniques that will help you create your own water efficient landscape from start to finish. A complimentary interactive CD comes with the book. It includes tons of extras including a gallery of local exemplary landscapes, a searchable list of plants and a directory of additional landscape resources.

This 160-page book, filled with new plants, new designs and new methods, is available to you for the cost of \$15 and may be obtained by mailing this order form and payment to the address shown below.
