Coachella Valley Water District’s  
Water Broom & Pre-Rinse Nozzle Program

ABOUT THE PROGRAM:
The Coachella Valley Water District (District) is purchasing, installing, and educating customers for the use of water brooms and pre-rinse nozzles.
Water brooms use approximately 2 gallons per minute (GPM) compared to a traditional hose and nozzle which consume approximately 8-12 GPM.
High efficiency pre-rinse nozzles use less than 1.3 GPM compared to traditional pre-rinse nozzles which consume approximately 2-5 GPM.

HOW TO APPLY:
1. Read the Terms and Conditions on the reverse side. You must meet the eligibility requirements to participate.
2. Complete the application here and submit it to the District. You may submit the application in person at either of the District’s Coachella or Palm Desert offices or via mail or email. Applications will be processed in the order received subject to the availability of funding. Program is available free of charge to all District commercial properties that meet eligibility requirements. Regular maintenance is the responsibility of the participant.
3. If you qualify, a District representative will contact you to schedule an appointment for a pre-installation visit and evaluation of your current system. Applicant must be present for the visit.
4. If it is verified that you have a working system, a District representative will install pre-rinse nozzle and/or Water Broom, as well as provide information on proper use.
