

COACHELLA VALLEY WATER DISTRICT E-NEWSLETTER

Construction update for July 27-31

On **Monday, July 27**, homes on the east side of Brandywine Avenue will be switched over to the new system. The work includes all 50 homes on Chardonnay Way, Burgundy Lane, Fume Drive, Quiet Springs Drive and Belek Drive.

Those homes will be without water service for **up to 3 hours** as the connections are made. Residents will be notified at least 48 hours in advance with a door hanger so they can prepare for the shutoff.

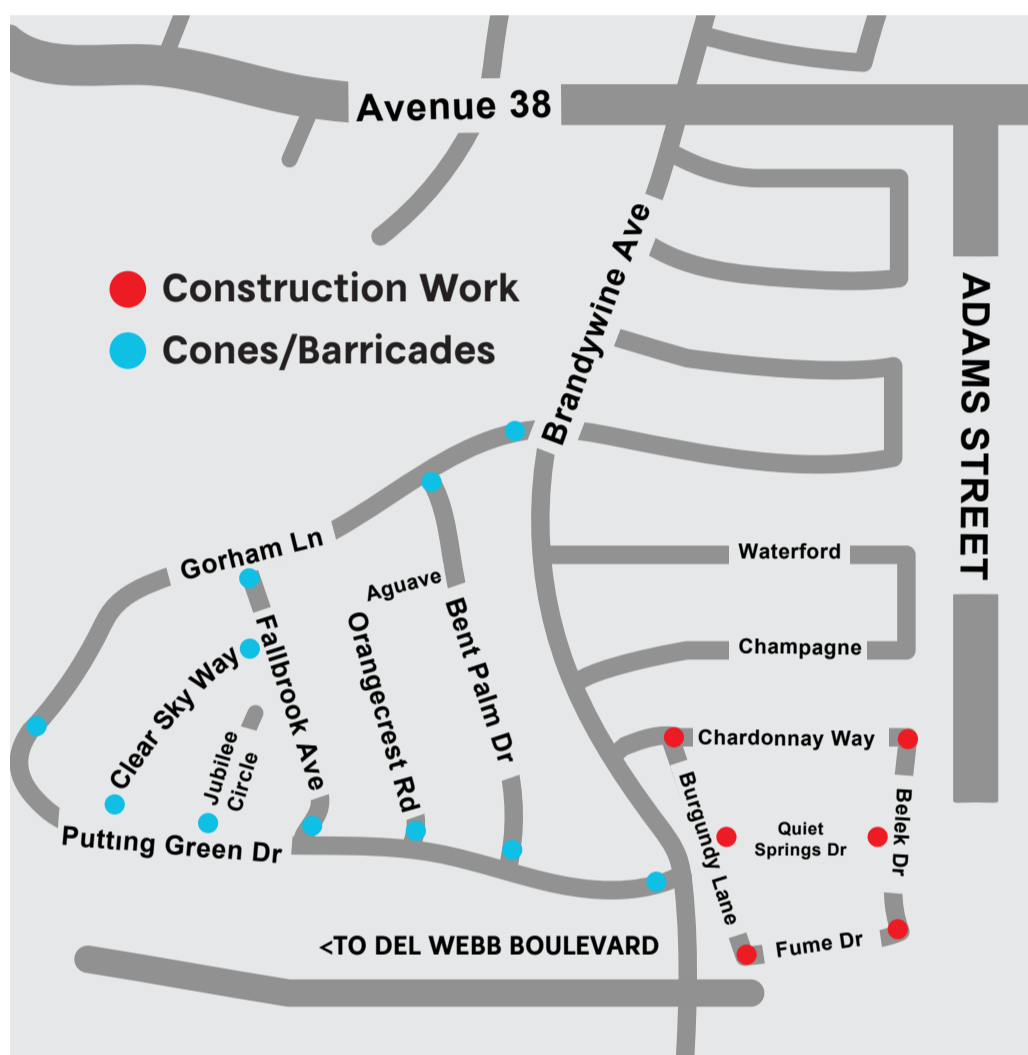

Once the switchover is complete, crews will remove old fire hydrants, meter boxes and mainline and clean up the area.

On **Wednesday, July 29**, CVWD will be working on Waterford and Champagne lanes to prepare for the upcoming waterline replacement construction scheduled to begin in the next couple of weeks.

The work will require a **shutoff of water** service for **2 to 3 hours** and residents will receive a door hanger notification at least **48 hours** prior to the work.

Caution:

Cones and barricades will remain in place until mid-August to protect new concrete that was poured around intersections along Putting Green Drive and Gorham Lane and at Clear Sky Way and Fallbrook Avenue.

Mail Deliveries

Mail for homes in the construction area will be delivered the following day to the Sun City Postal Center, where it will be held for pick up.

The Postal Center is located in the Mountain View Clubhouse at Avenue 38 and Del Webb Boulevard and is open Monday through Friday, 9 a.m. to 3:30 p.m. For more information, please contact the Postal Center at **760-200-2236**.

About the SCPD Pipeline Replacement Project

Coachella Valley Water District is replacing ductile iron pipelines throughout the community that are failing because of soil corrosion. The 10-year project includes new water mains, water service laterals, valves, fire hydrants and street paving.

The work will improve water reliability for the community by reducing main breaks and emergency repairs.
